The first year combining the rabbitries of Blackburn Bunnies and Taylor Family Holland Lops was a huge success! It has been a great feeling to excel on the show table, especially when you are able to share your accomplishments with your closest friends.

We look forward to continuing our partnership throughout the 2011 show season. By combining our exceptional breeding programs and sharing bloodlines, we hope to continue to improve our Holland Lops throughout this next year, while maintaining our main goal in rabbits, developing friendships and having fun! We look forward to the upcoming show season and hope to see you at ARBA convention this fall.

See you at the shows!
